1. Series championships are open to all classes. See Sections 8 & 9 for requirements.
2. The Pro class is the most prestigious and difficult class in which to compete.

 14. Youth classes will ride special Sections with four (4) different skill levels. There will be no series rankings.
- D. Garments:**

1. Any AMA- or FIM-approved helmet is required to be worn whenever operating a motorcycle at a Trials site.
- G. Minders:**
1. A Green bib will be issued at sign-up to each registered Minder. The bib should be returned by the Rider or Minder when turning in the Rider's 3rd loop scorecard on the final day of the Trial. Failure to return the Minder bib by the end of the competition can result in a DNF for the Rider. The Rider will be fined \$50 if the Minder's bib is returned intentionally defaced. A defaced bib will be retired.

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

motorcycle is to be used on a second day, the new motorcycle must go through technical inspection to have the VIN number recorded. Random checks for proper VIN number will occur on-course. Failure to comply will result in disqualification of the Rider.

C. Miscellaneous:

1. Trials are run without regard to engine displacement, except the 125cc Expert Class, which shall have a maximum displacement of 125cc.
2. All motorcycles must be rear-wheel-drive only, and use trials universal type tires that are commercially available to the public and meet FIM specifications.
3. The same motorcycle must be ridden throughout the Trial. (See 2. B.3.)
4. Participants are solely responsible for the condition and function of their motorcycles and personal riding equipment.
5. The American Motorcyclist Association, North American Trials Council, and the Trial Organizer do not verify the condition of vehicles, clothing, or other riding gear and accessories used in AMA-sanctioned amateur competition.

3. COURSE REQUIREMENTS

- A. The course shall consist of 12 Sections for all classes laid out in a loop to be ridden three times. The exact reuse of day one Sections on day two of a two-day trial is prohibited. There may be Pro-Only Sections. Example: Section 12A for support classes; Section 12B for the Pro class.
- B. The course shall be marked with high-visibility pink tape and red arrows. Each arrow should be marked with the number of the next Section on the loop.
- C. When there is a turn, arrows must be used.
- D. An "X" must mark caution or technical parts of the Course.
- E. Two-way traffic on single-lane paths is not permitted.
- F. The Course must provide a reasonably easy Minder loop by-passing each Section. This loop should be cleared and marked to the end of the Section.
- G. A Rider may leave the course only after leaving their scorecard with a Section Official or the Scoring Steward.

4. SECTION REQUIREMENTS

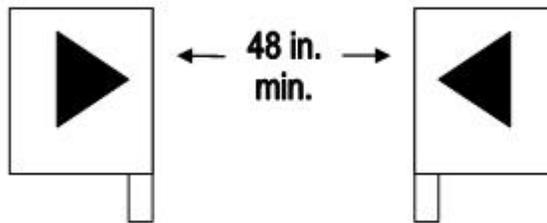

- A. The Sections should be made up of natural obstacles such as, but not limited to, mud, rocks, water, logs, climbs, and descents. Wherever possible, natural boundaries such as creek banks should be used. The Section begins with "START" cards forming a gate. The Sections progress through gates of four-foot-minimum width, marked with NATC-supplied markers. Where practical, the gates should be placed square to the path of the Section, and firmly attached to a stable object. A gate consisting of "END" cards marks the end of the Section. Ribbons and Markers should be firmly placed four-to-twelve inches above the ground. All markers must be placed upright, including the Start and End markers. The external boundaries must be

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

fully ribboned.

- B.** The actual width of the Section may be reduced by the use of “gates” indicated by markers, as shown below, with the minimum width between these markers being 48 inches. Each side of each gate must be attached to a stable object. A piece of ribbon can be placed between the gate and the Section boundary ribbon or another gate to stop Riders from going backwards. Gate arrows must be Black for Pro, Red for Expert, Blue for Expert Sportsman, White-with-black background for Support and green-with-white background for Clubman.

- C.** The Section boundaries and markers must be maintained in the condition presented to the first Rider. No Rider should be allowed to ride the Section until it is repaired. Repair materials should be available to the Observer.
- D.** The Sections are closed prior to the Trial; once National Sections are marked, no contestant is permitted to inspect the Sections. At the discretion of the Referee, the Course may be closed as well. In that case, signs indicating the course closure must be adequately displayed in the pit area. A Rider may stop and inspect Sections on foot prior to riding for score, providing the Rider’s motorcycle is parked off the course. Sections are to be separately numbered.
- E.** The Sections must not be so long or difficult that bottlenecks result, causing the time limit to become unfair. The Sections must neither contain impossible turns, ascents, descents, nor be too difficult. Ideally, no Section should require more than 50 seconds to ride. No Section shall be used that has not been test ridden a minimum of five times by either the Referee or a designee to determine that layout, deterioration, or weather will not render the Section too difficult to complete.
- F.** Continuous (Double) Sections are not allowed.
- G.** The Support and Clubman classes will ride the same Course as the National Pro class, with the same time limit. National Trial organizers will include five (5) rider lines corresponding to number plate background colors (Black, Red, Blue, White & Green). (see Section 2. A. for plate colors) in all sections. Gates in a Section allow the Support and Clubman classes to ride a less-demanding line than the Pro class. Use as few gates as possible. Each class must ride only the line indicated by the gates of that class.

5. STARTING ORDER

- A.** Riders leave for their first Sections on one-minute intervals in a random order chosen by a drawing.
- B.** The Clubman line will start the Trial, followed by, in order, Support, Expert Sportsman, Expert, and Pro Riders.
- C.** Late entries shall start one minute before or within their class, as determined by the Scoring Steward.
- D.** If the entries exceed 120 Riders, a split start can be used to lessen the severity of bottlenecks (see 6. C.7.

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

for Rider penalty).

- E.** In all Sections, two start lines will be formed—one for the Pro class and one for all other classes. Separate entrance gates can be used, where practical. Section attempts will alternate between the Pro class and all other classes.

6. SCORING

The Checking Officials at each Observed Section must be stationed so the entire Section is plainly visible. When more than one Observer is required, penalties will be called to the Observer at the end of the Section. To ensure consistency of scoring, Observers shall not be changed during the Trial. The Observer shall show a raised, balled fist and announce “Rider” in a loud voice to authorize a Rider to start riding the Section.

Scoring shall start when the motorcycle’s front axle passes between the Start markers and stop when the front axle passes between the End markers. The Observer will use a stopwatch and whistle to administer the Rider’s 90-second time limit to ride the Section. The Observer will blow the whistle and start the clock when the front axle passes through the start gate. The Observer will blow the whistle a final time at 90 seconds if the Rider has not exited the Section, or at any time the Rider records a Failure (5 points).

Any Course Official, including a Section Head Observer, has the authority to close a Section or part of the loop for unforeseen reasons, such as natural disasters or Rider injury. In cases when part of the field has ridden a Section before it has been closed, scores for those rides will be deleted. Once closed, the Section shall remain closed for the rest of the Trial and the Scoring Steward and Clerk-of-the-Course must be notified immediately.

Scoring will be based on the FIM trials scoring system as follows:

ERRORS	PENALTY
0 Faults	0 Points
1 Fault	1 Point
2 Faults	2 Points
More than 2 Faults	3 Points
Failure	5 Points
Missing a Section (no punch)	10 Points

A. Fault Definitions:

1. Footing: any contact providing support between any part of the Rider’s body or motorcycle (exceptions: tires, foot pegs, or skid plate) with the ground or an obstacle (tree, rock, etc.). Footing can occur either inside or outside the Section boundaries. For tires outside the boundary, refer to 6. B.15. Note that ‘toe dabs’ will be counted as footing.
2. Foot rotation counts as one point.
3. Sliding a foot counts as three points.
4. Both feet placed on the ground simultaneously counts as two points.

B. Failure Definitions:

1. The motorcycle moving backwards, with or without the Rider footing.

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

2. Any displacement, breaking, or knocking down of markers by direct contact of the motorcycle or Rider requiring that the marker be reset to its original position is a Failure. Touching a boundary is not a Failure.
 3. The Rider dismounts from the motorcycle and has both feet on the ground on the same side of the motorcycle, or if both the Rider's legs are behind the motorcycle's rear tire.
 4. The Rider does not have both hands on the handlebar when footing while stationary.
 5. The Rider does not complete a Section within the 90 seconds allowed. (See 6. Scoring, 1st paragraph)
 6. The Rider receives deliberate outside assistance.
 7. The Rider or Minder changes the condition of a Section while not riding the Section. (See 6. C.11. & 1.G.11)
 8. The Rider begins a Section attempt without the Observer's acknowledgment. (See 6. Scoring 1st paragraph)
 9. The engine stops while footing or while any other part of the motorcycle, except for the tires, is used for support, without forward motion. The motorcycle must be moving forward while footing with a dead engine to avoid a 5-point score.
 10. The handlebar touches the ground and the motorcycle is more than 45-degrees from vertical.
 11. The motorcycle does a complete loop in a Section—crossing both its own tracks with both wheels.
 12. The Rider fails to pass through all the gates for the Rider's class. (See 4.G.)
 13. The front wheel must precede the back wheel when passing through the gates.
 14. The Rider passes, in either direction, through a gate of another class—that is, breaking the plane of a gate. (See 4.G. & 6.B.15)
 15. Either tire passes on the out-of-bounds side of the Section boundary with the tire on the ground. In the case of running over a taped boundary, for a Failure to occur there must be ground visible between the tape and the tire and the tire must be on the ground on the out-of-bounds side of the tape. It is permitted to float one wheel over an exterior Section boundary, but not both tires. Jumping the motorcycle so that it travels outside of a boundary is a Failure.
 16. The front axle does not pass through the Start and End gates, and all other gates for the class.
 17. A Rider may only pass through any gate one time per Section attempt.
 18. Only the greatest penalty, as defined above, shall be counted for the Section. However, the following points may be added as listed in C,1-15.
 19. Failure to wear a wrist-tether type motor-killing device.
- C. Other Penalties:**
1. If the Rider chooses to not attempt a Section, the Rider must report to the Observer with the Rider's score card to receive a "5" for that Section.

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

2. Sections are to be ridden in the designated order only. The penalty for missed Sections, or Sections ridden out of order, is 10 points per Section. Any Sections not scored and punched are missed Sections.
3. If blank or unmarked spaces on the scorecards exceed 10-percent of designated rides, the Rider will be considered a non-finisher.
4. A Rider waiting in line to enter a Section must not leave the Rider's motorcycle. If the Rider does, the Rider must go to the end of the line. Refusal to comply may be considered unsportsmanlike conduct. (See 6. C.8.)
5. Any Section ridden more than once per loop will receive 10 points, in addition to the first-attempt score. (See 6. C.8.)
6. Practice in any of the Sections before or during the Trial will result in disqualification of the Rider from the Trial.
7. When a split start is employed, the Rider must start and end each loop on the designated Section, or be considered a non-finisher.
8. Unsportsmanlike conduct, or offensive behavior or language by a Rider or Minder, will result in a penalty of 5 to 25 (or 100) points, or disqualification of the Rider and Minder, at the discretion of the referee. The 5- to-25-point penalty can be given at the sole discretion of any Observer or course official. The 5-to-25-point penalty can be punched on the Rider's scorecard in the five boxes provided. A written report must be filed with the Referee for the 100-point infraction. Repeated offenses may lead to further sanctions—as per AMA rule Chapter 5, item B-3—against the Rider or Minder.
9. Exceeding any posted speed limit is a 5-point penalty (*for each offense*) before, during and after the Trial (See 6. C.8.)
10. A Rider arriving late at the start will be penalized a time penalty of a half-point per minute until the Rider picks up the Rider's loop card.
11. **YELLOW CARD RULE:** Any Rider or Rider's Minder who refuses to obey the instructions of an Observer, or who behaves in an unsportsmanlike manner, shall be shown the Yellow Card. (See 1. G.12., 6. B.7. and 6. C.8.) The penalty for being shown the Yellow Card is 5 points for the first offense, 5 points for the second offense, and exclusion for the third offense occurring during a Trial. Penalty points are in addition to the points accumulated during the Rider's Section attempt.
12. Pro class Riders will be assessed a time penalty of a half-point per minute for not completing the Rider's first loop within one-half the total time for the trial, plus 30 minutes. The time penalty period will be limited to 30 minutes (15 points maximum). Exceeding the time penalty period will result in exclusion from the Trial. Examples: (a) 6 hours 30 minutes for the trial, equals 3 hours 45 minutes for the first loop without penalty. (b) 7 hours for the Trial equals 4 hours for the first loop without penalty. Time will be recorded at the final Section of the loop.
13. Violation of these supplemental riding rules by a Rider or Minder will result in a penalty ranging from 5 points to exclusion from the Trial. If a Rider refuses to present the Rider's card to the Observer for punching of the appropriate score for the additional penalty, or leaves the scene of the infraction, the Observer shall document the circumstance and report it to the Trials Master. Wherever possible, the Observer must punch the additional penalty before punching the riding score. The Protest Jury will assess the appropriate penalty. (See 6. C.8. & 6. C.11.)

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

14. A Rider cutting the course or going backwards on the Course may be disqualified at the discretion of the Referee.
15. A Rider must complete the entire Course under the power of the Rider and the Rider's motorcycle, without outside assistance.

D. Protests:

1. Obstruction is deemed to have occurred when a Rider, attempting a Section is prevented from completing a bona fide attempt due to some unauthorized obstruction. If a Rider claims obstruction, the Section Observer's decision as to whether a re-ride is permitted is final. Should a re-ride be granted, the Section shall be observed from the point of obstruction onwards. Any points lost prior to the point of the obstruction of the original attempt will stand.
2. It is the Rider's responsibility to acknowledge the score given and verify the Rider's scorecard is punched correctly at each Section, immediately upon completion of the attempt. Disagreement with the Observer must be noted and settled, if possible, while the situation is fresh in everyone's mind, without inconveniencing or delaying other Riders. Scoring protests will not be heard if the Observer was not made aware of the conflict immediately after the Section attempt.
3. No person may protest another Rider's score.
4. A Protest Jury, consisting of the Referee, an NATC Sporting Steward, and a third member designated by the Referee, shall act on all written protests and rules infractions.
5. Protests must be in writing.
6. Only the Rider can protest the Rider's own penalty.
7. Protests must be filed with the Referee as soon as practical, but not later than 30 minutes after the results have been posted. The Referee shall render all decisions on protests as soon as possible, and no decision shall be made before all the pertinent Observers have been interviewed. If it is not possible for the Referee to decide the protest immediately, the Referee may permit the Rider and motorcycle to compete under protest. Any trophy the Rider may win will be withheld, pending the decision on the protest. Once made, a protest cannot be withdrawn without the permission of the Referee. All legitimate expenses to which the Referee may be put, as the result of a protest, must be paid by the protesting party. The Referee may demand from the protesting party, in advance, a deposit sufficient to cover any such expense.
8. Displacement protests shall follow the AMA rules Chapter 5, Appendix 5.8.
9. Appeal of the protest decision must be made in writing to AMA headquarters within 72 hours after such decision has been made.
10. Trial results will become official only after the Organizer has had time to check results for incorrect calculations.

E. Ties:

In case of ties, (for the Pro class down to fifth (5) place and for all other classes for first (1st) place only) including time penalty, the Rider with the lowest number of points on observation will win. If still tied, the Rider with the most cleans, and then ones, twos, or threes will win. If still tied, the Riders will immediately compete in a "Ride Off". Three (3) sections will be designated as Tie Breakers prior to the event by the Trial

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

Master and Sporting Steward. They will be ridden twice (2) each. A coin toss will be used to determine which rider will ride the first section first, after that they will alternate. If a tie still exists after all six rides are complete, all three (3) sections will be modified and the Ride Off will restart with a new coin toss, the riders continue to ride these three (3) sections until a “clean ride” is achieved to determine the winner. If possible the original Observers should be used, if they are not available then the Trial Master can designate new observers. The Trial Master and the Sporting Steward may not act as a tie breaker observers.

7. TIME LIMIT

- A. The start time for all National Trials will be 9:00 a.m., local time. The time limit for each Rider to complete the course will be seven hours, except the Trial Master may adjust for more time when coordinated with the Sporting Steward and the Scoring Steward. There is no mechanism for extended time once the Trial is started. The start and finish Sections will be time checks. After the time limit, the Rider may arrive late, but penalty points will be added for arrival at the finish check after scheduled time at the rate of one half-point per minute. Any Rider turning in a scorecard later than 30 minutes after the Rider’s scheduled time shall be disqualified. (See 6.C.12 for first loop time limit).
- B. Official time must be kept by a digital clock so that a Rider’s finish time includes all of the finishing minute. For example, if a finishing time is 4:31 p.m., that minute holds until the digital clock reads 4:32. The final time control, clearly marked and well visible, shall be located just after the final Section. An official at the final time control shall mark each Rider’s finishing time on the Rider’s scorecard. To obtain the final score, points lost on time and points lost on observation are added.

8. TRIAL AND YEAR-END AWARDS

- A. **Trial Awards:**
The hosting club must provide awards for the winners of each class each day and have an awards ceremony each day. This is a minimum required by the NATC. The Youth awards will be provided by the Youth series coordinator and given out the day after each Youth Trial. Finisher’s awards, other than those provided by the NATC, are optional and are the responsibility of each hosting club.
- B. **Series Year-End Awards:**
At the end of each series, special awards will be given to the champions in each class from the AMA.

9. YEAR-END CLASS RANKINGS

- A. The NATC provides the official ranking of Riders to the AMA. All Riders competing will be ranked.
- B. All classes are ranked by scoring all Trial events in a three-Trial or less series, and by throwing out one Trial event result from the total number of events a series with four or more, except the Pro class which counts all Trial events in the series.
- C. There will be a separate East and West series for all classes except the Pro, Women’s Pro, Expert and Expert 125 classes. The Pro and Women’s Pro, Expert and Expert 125 series will include both the East and West series.
- D. **Points System:**
Championship points shall be awarded per the following system:

POSITION	POINTS	POSITION	POINTS

2017 AMA/NATC SUPPLEMENTAL RIDING RULES

5	16		

- E. In case of a tie on required Championship points at the end of the series, the Rider with the lowest total overall score on observation, at those events where the riders competed against each other (not including the throw-away event), will win. If still tied on Championship points, then the total Championship points where the two Riders competed and finished the event. If still tied, the total number of cleans, 1s, 2s, 3s and 5s at the first Trial of the series where the two Riders competed against each other will be used. When the Riders did not ride head-to-head and they are still tied, then the Rider in the Trial with the largest entry in that class—meaning that Rider beat more competitors—will win. In all classes, year-end Championship ties for 11th place and beyond in the class will be listed as finishing in the same place with the following position not listed. Example: Riders A and B both finish the year with five Pro points tying them for 16th place, both will be listed as finishing in 16th place and the next Rider will finish 18th in the class.

10. SUPPLEMENTARY REGULATIONS

- A. Supplementary regulations are special rules or requirements that will be in force for a trial. The AMA/NATC Supplemental Riding Rules and the supplementary regulations, together, inform the Rider of everything needed to know to compete. Riders meetings may be used to transmit the information contained in the supplementary regulations. The number of observed Sections and loops and the start time must be announced in the supplementary regulations.

11. OFFICIALS

- A. **Referee / Trial Master**
There is not a separate individual who functions solely as the Referee. The Trials Master usually performs the Referee's job. Occasionally, the Trials Organizer serves as the Referee. One of these individuals will be responsible for assuming the duties of the Referee, as described in these rules. The Referee is in charge of the course and the Sections. It is the Referee's responsibility and authority to interpret the AMA/NATC Supplemental Riding Rules and to develop the supplementary regulations. The authority for running individual Trials rests entirely with the Referee for that Trial, as defined in the AMA rules. The Referee may designate any individual to act as his representative for a specific job, such as serving on a Protest Jury.
- B. **Trial Organizer**
The Trial Organizer is responsible for the overall co-ordination of putting on a National Trial. Some functions include delegating various jobs such as Trials Master, sign-up-crew, Observers, parking-lot-layout, promotion, and trophies. (See National Trial Organizer's Checklist for detailed description of all duties required of a Trial Organizer, before, during, and after a National Trial.)
- C. **NATC Rep**
The North American Trials Council Representative is the person designated by the local Trials club to represent the club at the NATC's annual meeting. At this meeting, rules are reviewed and adjusted, schedules set, and Trials awarded for the following year. It is the NATC Rep's responsibility to interpret the NATC's intent and act as a liaison between the local club and the NATC.
- D. **Sporting Steward**
The NATC Sporting Stewards have three jobs prior to the start of the Trial: (1) insure that the Sections and Course are appropriate, (2) assist the Organizers in fine tuning the Trial to make it successful and enjoyable, and (3) insure uniform overall quality throughout the series. The Stewards must inspect the Course prior to

the Trial. If problem areas are found, the Stewards have absolute power over the Sections and how they are marked, the Course, the time limit, and are permitted to delay the start of the Trial until all necessary changes are made (see NATC Sporting Steward Guidelines for specific job duties). The Sporting Steward may be empowered to use the Yellow Card penalty system with problem Riders anywhere on the course at the sole request of the Trial Organizer.

E. Scoring Steward

The NATC Scoring Steward oversees and advises the local club's sign-up and scoring crew on procedural and operational matters as outlined in the NATC Scoring Information worksheet. The Steward is responsible for tabulating the Riders' scores and producing official results. The Scoring Steward shall have the power to use the Yellow Card penalty system with problem Riders at the sign-up area, or as necessary.

F. NATC Chief Executive Officer (CEO)

The CEO may attend NATC events in an observation capacity to identify problem areas and agenda items for the next Council meeting.

G. NATC Members

North American Trials Council members, other than as designated above, have no authority. They may act as advisors or be designated to serve specific functions, as the Referee deems appropriate.
